QUICK SUMMARY

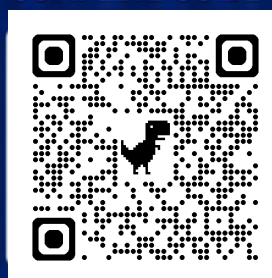

Orlando is much more than Disney World. Visitors come for theme parks, but many stay for the resorts, restaurants, shopping, golf courses, water parks, and warm Florida weather. Orlando has evolved into one of the world's premier family vacation destinations and offers enough attractions to fill an entire week.

The tradeoff is that Orlando requires planning. Distances are larger than many visitors expect, transportation takes time, and costs can rise quickly once tickets, hotels, food, and extras are added together.

For travelers seeking excitement, entertainment, and family-friendly experiences, few destinations can compete with Orlando.
